Manav Sansadhan Evam Mahila Vikas Sansthan is a state level non-government organization (NGO). It was established in 1990 under guidance of veteran social scientist and contemporary Vice Chancellor of Mahatma Gandhi Kashi Vidhyapeeth & M.P (Member of Parliament), Prof. Raja Ram Sashtri. It is a secular and nonpolitical Institution which intended working without any personal benefits.

Vision:

Envisage a society that journeys towards a fuller humanities.

Mission:

Initiatives that empower people and enhance the transformation of society ever striving towards building on inclusive, participatory, harmonious & just society.

Manav Sansadhan Evam Mahila Vikas Sansthan has been working with social & developmental issues since last eighteen years. MSEMVS started its work from a Nyaya Panchayat in Varanasi and now it is working in more than 200 villages and urban slums in thirteen districts. The successes of the year 2013-14 in brief are following:

Urban Health Initiative

Child Rights project:

This project was implemented in Narayanpur block of Mirzapur district with the overall objectives of aiming to facilitate a favourable and enabling environment for the realization of child rights, empowering women and communities to improve the living conditions in rural settings of 188 villages of Narayanpur block of Mirzapur district in Uttar Pradesh. During April,13 to March,2014 the major achievements are:

- Civil society alliances already established for creating a protective environment in Narayanpur block of Mirzapur district and conducted 1st consecutive quarterly meeting successfully.
- 188 Child Protection committees (CPC) are functional in 188 villages of Narayanpur block of Mirzapur District.
- 1880 CPC members already oriented by the CBT/FA during their community visits in 188 villages for Case tracking.
- 122 vulnerable/marginalized communities /hamlets are focused for intervention in all 188 project villages. Village profiles already done and updated in this quarter.
- 6 Field animators (FA) and are placed to provide technical support to SHGs and CPC members.
- 6 FA supervised 12147 household (from households chosen by women champion n) and performed BCC activities on 10 CFAs.
- Almost 2160 SHG members using GATHER (Greet-Ask-Tell-Help-Explain-Return [Follow-up]) approach and communication materials for family level knowledge dissemination and attitude change
- 421 Group meetings and 240 thematic meetings were conducted and overall 4030 member participated in these meetings from 216 WGs at villages in this quarter
- 300 WG meetings attended by service providers ASHAs, AWWs, ANMs and teachers.

- 1428 Women Group members participated in Gram Sabha, SMC, VEC, VHSC, VHND, CPC, or any other forums such as Thana Divas, Tehsil Divas etc. in the village
- 216 Existing functional SHGs in the region/project area listed of which project SHG and 2299 SHGs members have trained to promote the 10 point child friendly agenda using behavioural change communication skills of these.
- Regular quality meetings of 216 SHGs held in which 2299 participants participated and home visits by SHGs members (On 10 points child friendly agenda) improved through supportive supervision by Community based trainers and Field Animators.
- In 188 villages 127 Adolescents Club formed with the membership of 1121 adolescents girls and boys.

Combating Trafficking:

MSEMVS worked for eradicating slavery, bonded labour, debt bonded and child labour in seven districts of Eastern Uttar Pradesh (Allahabad, Mirzapur, Bhadohi, Sonebhadra, Jaunpur, Chandauli and Varanasi) covering around 300 villages with the targeted groups such as women and children of the vulnerable communities (mainly belonging to SC, ST and OBCs). For this MSEMVS adopted an integrated approach of strategy consists direct action like raid & rescue operation, empowering rural poors in debt bondage through organizing them and income generation.

During this period 21 bridge schools for child labourers were implemented and educational facilities, mid day meal and vocational training provided. Sustained liberation Program was implemented in six districts of Uttar Pradesh with Global objective “to permanently end slavery/ trafficking of human beings (especially of the marginalized sections like children and women, SC, ST, and OBCs) in any form and reduce incidences of interstate trafficking/ slavery”.

Aligned with the global objectives of the programs activities were implemented in direction to create community resilience against trafficking and slavery for sustained liberation. Some of the key activities implemented and their results were as follows:

| S.No | District | No. of CVCs supported |
|------|------------|-----------------------|
| 1. | Allahabad | 20 |
| 2. | Bhadohi | 16 |
| 3. | Jaunpur | 14 |
| 4. | Mirzapur | 21 |
| 5. | Sonebhadra | 17 |
| 6. | Varanasi | 17 |

Punarnawa Ashram- Shelter Home for Trafficking victims:

MSEMVS has been constructing a Shelter Home for Trafficked girls and women in Purnea, Bihar. The shelter home is intended to provide comprehensive care and protection, opportunities for life skills training and sustainable rehabilitation to victims/survivors of slavery. Effective and efficient care and protection services are central to the operations of the shelter home. The Shelter Home serves the trafficking victims rescued by Police, Administration with the help of NGO in all over India. After rescue the Child Welfare Committees or courts refers the girls to the shelter home. As a number of girls are being trafficked from Indo-Nepal Border, West Bengal, Bihar and Jharkhand to the other parts of the country. Majority of girls have been trafficked for Sex Exploitation and cursed to live a life without any freedom and inhuman situation. MSEMVS team and partner organizations conduct the rescue operation in Red Light area throughout India with support of Police and Courts and get them into Shelter home as per courts/CWC's proceedings. At the Shelter-Home there is a capacity of 60 girls and women. Averaging 15 residential staffs take care the victims in many ways. The survivors residing in the shelter home get counseling services: Family Counseling, Trauma Counseling, Pchyco-therepay, Medical services sometimes major ailments area there. The survivors live in the shelter home and they get good, Education and Vocational training in different trades. The trained staffs educate them not only literacy but also some sort of functional literacy and human rights education provided to them. In the shelter home safety and security measures are taken in an effective way and twenty-four hours guarding is being performed there. The survivor girls and women learn tailoring, Candle making, Cooking and Catering, Agriculture and Floriculture, Beauty Cultural etc. in the Shelter home. The education and vocational training not only give the technical skill to the survivors but it gives them a confidence and hope for life in future. The organization do the home visit and home verification of the girls in all over India and try their best to reintegrate the survivors in their families. Police and Administrative officials always monitor the shelter home and always appreciate to the organization for this work as there are very limited number of shelter home in this area in which quality services provided. The organizations has developed a SOP- standard operation procedure for the shelter home and apply its provisions in the best interest of trafficking survivors and children.

| | | | Ismaila | 83 |
| | | | Khetalpur | 79 |
| | | | Uchetha | 92 |
| | | | Badhauna | 37 |
| | | | TOTAL | 731 |

During April,13 to March 14 altogether 240 children taken back from work during 1st year of the project continued their education at 7 transitory schools and benefitted with educational, nutritional services. During this period one entire hamlet was freed from a saw mill and more than 40 children also came out with their parents .One new school was opened there and 30 children enrolled in that school.

During this year 175 children made mainstreamed into Govt. School and now they are studying well as per their capacity and age.

Out of 258 children age at 13+ undergone to Vocational Training and during this year 160 children almost completed their Vocational Training in different trades i.e. screen printing, book crafts and tailoring.

More than 200 children at MSEMVS transitional school regular attended Human Rights Education Sessions on the issues of TES and other crosscutting issues. MSEMVS introduced an accelerated and rights-based education program to the villages, encouraging all the parents to send their children to the village schools run by the Govt. Presently the trained Girls and boys are active through their Bal Panchyat and these children are playing(Nukkar Natak) and Wall writing in every village on Slavery and Bonded Labour. 8 Children's Panchyats also organized and messages delivered to the important stakeholders on the issues of TES.

More than 273 PRI (Panchyati Raj Institution) members were made sensitized on the issue of TES through Co-ordination Meetings and Interface meetings. Apart from that development of “Village Trafficking Prevention Plan” made the PRI sensitive on the issue of TES in the project area.

30 Co-ordination Meetings and Interface meetings with PRI, Service Providers were organized in the project area for ensuring the entitlements and rights especially for the vulnerable of TES. The result is coming in the form of entitlements of the CVC members and other community members.

20 SHG have been formed consisting with the survivors and victims of trafficking and Slavery. These SHG are learning their rights and skill training for their social and economical development. A further vital strategy is to enable women in particular to develop new sources of income. Self Help Groups (SHG) have formed in the villages. Women are now moving forward for earning skills and capacity to a regular income. These SHGs are also active on human rights issues of SC communities with focus on Trafficking, Bonded Labour and other issues for example education, health and livelihood.

More than 180 women in 13 SHGs have learnt about IGP skill training in Tailoring, Candle, Incense stick, Bindi making and are now moving towards economic independence through marketing of their products. By this way they are gaining resistance capacity to say “no” to the landlords and slaveholders.

More than 270 SHG members learnt about their economic rights and entitlement through 32 Legal Literacy Camps, CVC and SHG meetings.

During this period 6 Self Help Group out of all 6 formed during first quarter linked with bank. Now they are depositing their savings into the banks.

148 women SHG members out of 181 trained in IGP skill reached the level of marketing of their Product. With the support MSEMVS staffs and CVC the women are able to sell the products in local market as well as in Varanasi and Bhadohi main markets.

1417 individuals got their entitlements as the result of awareness among themselves as well as sensitization of PRI and Front Line Service Providers. The entitlements in form of receiving services of ICDS, PDS, Health—specially reproductive health, Housing, NREGA etc.

5 Advocacy meetings were conducted with departments related to the issues of Trafficking. The focus was Activation of Vigilance Committees formed under Bonded Labour Act in the project area. The labour department in Bhadohi is now going to form “Child Labour and Bonded Labour Task

Force” and the Co-ordinator of GG sponsored project has been nominated for the member of this task force.

More than 300 Dalit caste women received the benefits of Health department related to Reproductive and Child Health in kind and in cash through empowerment and capacity building.

Trafficking survivors got Income Generation by MSEMVS

18 CVCs in the project area were established and MSEMVS team assisted to the groups affected by human rights abuses to take up legal cases and facilitated to undertake organized actions to assert those rights.

All 18 CVCs almost complete their training on trafficking, slavery and their human rights during this year. After Rescue ,free from slavery people have make CVC with support of MSEMVS and learn about Human Right, Trafficking and Bonded Labour.

16 Nyaya Panchayat level CVC networks meet were organized on a quarterly basis for training, and the CVCs made their decesions on their issues and act together on policy and practice issues arising in Nyay Panchayat and the block.

8 Adolescent’s groups formed in the project area. They undergone into a systematic life skill training focusing on trafficking and slavery issues.

Adolescents Girls learning Vocational Training

During this period the villagers and community realized that there should be a systematic approach towards prevention of trafficking in the project area. MSEMVS with the help of community and CVC

and PRI developed a plan for each village. The village level plan was implemented with following components:

Open meeting in each village every month on the issues of TES, in which all the villagers participate.
Tracking of the migrants (in and out) in the villages through keeping the registers of the people who go out from the village or come in the village.
Sessions in schools (8th and 10th -12th standard) within and nearby the villages of project area.
Comprehensive low cost Wall Writing and billboards display in the project area.

Apart from above the Staff's Training, Teacher's training was also done which equipped the team for making efforts in a systematic manner.

The children forums are activated and during this year they actively participated in the pressure-building event on the "Right to Education" issue. They gave the memorandum to the district level officials against the irregularities in schools of the project area. A significant improvement came

City Workshops on Family Planning Advocacy Tools

Introduction:

A one day **City Workshops on Family Planning Advocacy Tools** was organized by Manav Sansadhan Evam Mahila Vikas Sansthan jointly with UHI with support of Population Foundation of India and Futures Institute. This workshop was the part of a series of workshops organized in 6 cities of Uttar Pradesh on three Family Planning advocacy issues that PFI/FI would be working on for a better policy level advocacy and also for a dedicated planning. The objectives of the workshop was to reach the Government officials, Academics, NGOs, Individuals, Doctors (both Govt. and private practitioners) and Research institutions of U.P. for a better planning towards Family Planning Advocacy.
